Walking with innovators

EAZ Model

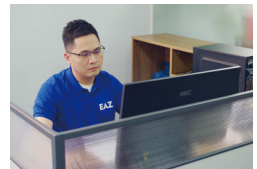

COMPANY PROFILE

EAZ Model is a prototype manufacturer in Shenzhen, China. We could provide One- Stop services and we are very familiar with Model Making and RP production. We help designers to make their ideas come into reality. We know the applications of processing, technologies etc. We have professional QC and Package Department.

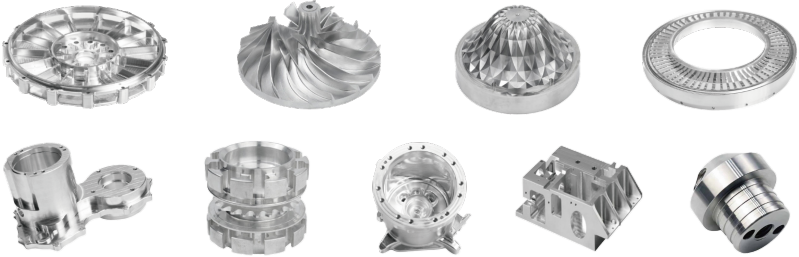

EAZ Model Co., Ltd. is a high-end precision machining manufacturer specializing in rapid prototyping, low-volume, high-complexity, and high-flexibility precision machining. We provide customized manufacturing solutions from early product design and prototyping to mass production. Our high-tech rapid prototyping and production equipment includes: CNC milling and turning (3-axis, 4-axis, and 5-axis), additive manufacturing (SLA, SLS, SLM), sheet metal (Laser cutting, bending, stamping, welding), vacuum casting/silicone molds, injection molding and die casting, and a range of finishing technologies.

Own factory – integrated manufacturing and trade, streamlined process management. With professional project managers fluent in English, we can discuss projects online at any time.

OUR SERVICES INCLUDING

01 CNC Machining (3-axis, 4 axis, 5 axis, over 36 CNC machines)

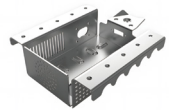

02 3D Printing(SLA/SLS/SLM) Rapid prototypes

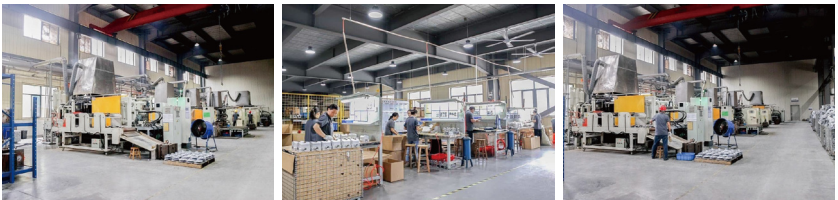

03 Sheet metal/ Laser cutting , bending, stamping

04 Vacuum casting

05 Die Casting

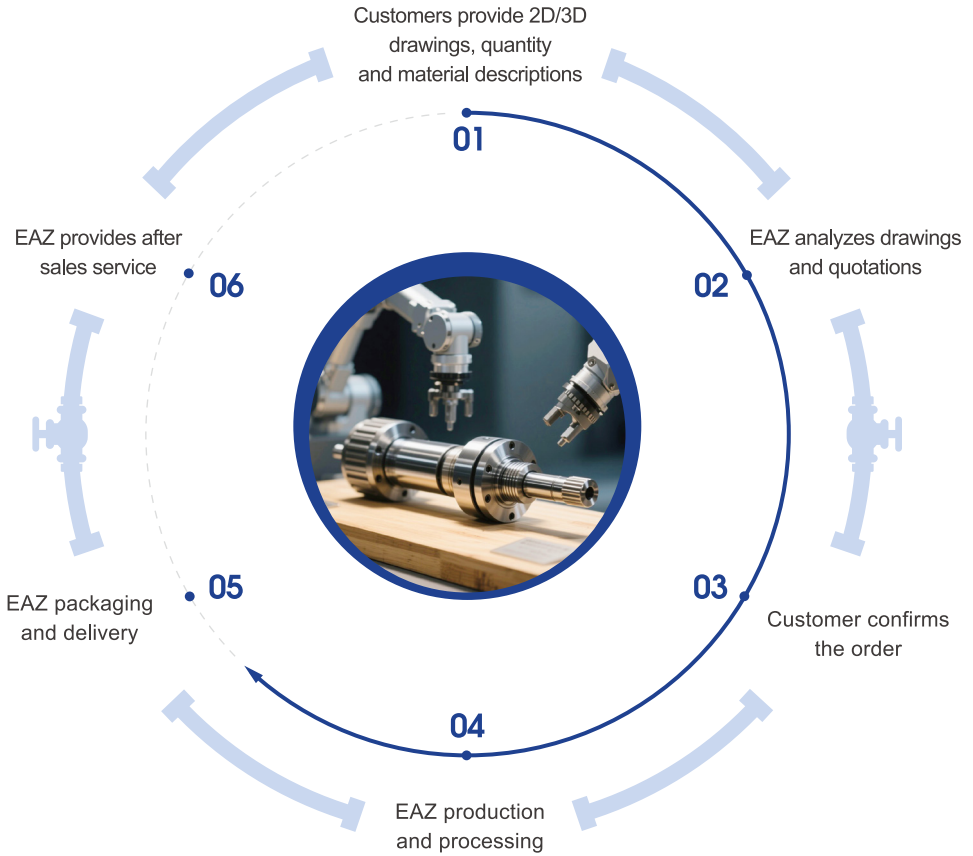

06 Injection moulding/ rapid tooling

07 Surface finishing (Painting, Polishing, Electroplating, Anodizing, Silkscreen, Passivation etc.)

HOW TO MAKE YOUR CUSTOM PARTS

OUR ADVANTAGES

COST SAVINGS

Our quotation has a great competitive advantage in the industry about 15%-30%

SAVE TIME

Our response time is very fast, and our production is carried out 24 hours a day to speed up the production progress and ensure the quality and quantity.

QUALITY

We have inspection equipments like CMM and 3D scanner will never compromise on standard tolerances.

EXPERIENCE

We have provided professional product services and improvement suggestions to thousands of customers.

ISO9001

We have passed ISO9001 international certification.

FAST LOGISTICS

We have long-term cooperation with the internal Express with very low cost. Like FedEx, DHL, UPS. For the mass production with big volume, we also can ship by sea transportation.

SECURE AND CONFIDENTIAL

We sign and abide by any confidentiality agreement and promise to keep customer projects confidential.

You design it, we will make it.
EAZ Model will provide you the best service.
